

Post Reading Test Results: All 3 Schools (Alfred Blake School, Harambee Day School and Varina Day School)

Combined (3) School Data

The above data reflects the following:

- Actual Grade Levels (AGL in Blue) of all students tested in the three programs. Students who received services were in the 9.5 grade on average.
- Reading Grade Level (RGL in Red) for all 3 schools. This reflects the PAST (fall 2007) reading average for all three schools.
- The yellow and green bars represent the AVERAGE Pre-Test reading levels for all three schools. The green bars represent the INCREASED reading levels for all three schools

*The average reading level (comprehension and fluency) increase for all three schools is 2.8 grade levels. Our goal in 2007 was 1.5. We almost doubled our goal!
